May 2009

Dear Fourth Grade Parents,

Now that summer vacation is almost here, we wanted to share with you our summer reading requirements for our rising fourth graders.

Please have your child read the first twelve stories in [Japanese Children's Favorite Stories](#) (pp. 9 – 70). You may check out a copy of this book from Chapin's library or from Karla Taylor's office, or you may purchase a copy if you would prefer, available at Barnes and Noble and Borders. Children are asked to read these fairy tales and be prepared to discuss/ write about them in September. In addition, we ask that they choose three more books from our Summer Reading List, available online at Chapin's website, or any other book of appropriate length and quality.

We would also like children to keep a log of the summer reading they do and bring this log (enclosed) to school on the first day. (Feel free to make additional copies of the log sheets if necessary.)

Have a wonderful and safe summer. Don't hesitate to call school if you have any questions about this.

Sincerely,

Fourth Grade Teachers
